Determining If Your Expenses Are Justifiable

The method of doing the income tax return in reverse is borrowed, with permission from the Personal Finance Advisers Philippines Corporation. It helps determine how much you should be making to fund your lifestyle and pay the attendant taxes on your income. While OFWs are exempt from income taxes, it is best to pretend that they are paying taxes as OFWs as they may not work abroad forever.

The steps are as follows9:

- 1. Estimate your total annual living expenses, including debt payments for a year. If you cannot compute your annual expenses, determine your monthly expenses and multiply them by 12 months. If you can only remember your daily expenses then multiply them by 365 days. Please give allowance for unusual or infrequent expenses like Christmas spending and tuition fees. Include what you think is the amount of annual savings you will need to set aside to fund your future goals.
- 2. Determine your personal and additional exemptions¹⁰
- 3. Deduct the total exemptions from your total expenses and label the answer "X"
- 4. Locate in Table 1 below the bracket within which your "X" falls.

⁹ Please note that doing the income tax return in reverse gives an estimate only of the needed income to pay for income taxes and your lifestyle and does not include mandatory deductions for Philhealth, Pag-ibig, SSS and GSIS contributions. Also, OFWs who are not taxed on their income can simply compare their monthly expenses to their monthly net income to see if they are living within their means.

¹⁰ An individual taxpayer, whether single or married, is allowed a basic personal exemption of Php50,000. For married individuals where only one of the spouses earns a gross income, only the earning spouse will be given the personal exemption. A single or married individual will be given an additional exemption of Php25,000 per qualified dependent child and for a maximum of only 4 qualified dependents. A dependent child is a legitimate, illegitimate or legally adopted child largely dependent on and living with the taxpayer provided that the dependent is not more than 21 years old, unmarried and not gainfully employed or if such dependent, regardless of age, is incapable of self-support because of mental or physical defect. Please refer to the Tax Code for more details on this discussion.

Table 1	*	
"X"	Divisor	Lump Sum
<= Php10 000	0.95	Php 0
Php 10,001 to Php 30,000	0.90	Php 500
Php 30,001 to Php 70,000	0.85	Php 2,000
Php 70,001 to Php 140,000	0.80	Php 5,500
Php 140,001 to Php 250,000	0.75	Php 12,500
Php 250,001 to Php 500,000	0.70	Php 25,000
over Php 500,000	0.68	Php 35,000

- 5. Deduct from your "X" the lump sum amount found in the same row as the bracket that "X" falls into.
- 6. Divide the result in number 5 by the divisor found in the same row that your "X" falls into.
- 7. Add back to your answer in number 6 your total exemptions to arrive at the amount of gross household income that you and your spouse should be earning in a year.

If your needed gross annual household income as computed is higher than your actual annual income, then you should begin questioning your expenses, starting with your "may spend". "May spends" should be easier to cut or even take out altogether. Again, if you do not know your annual income, just get your monthly income and multiply it by 13 months or get your daily income and multiply it by 395 days. The additional one month or 30 days is to account for the legally mandated 13 month pay. If your guaranteed annual income is equivalent to more than 13 months or 395 days, please use the appropriate number of guaranteed months or days.

If a re-computation of your needed gross annual household income, after minimizing or zeroing out the may spend, still yields an amount that is higher than your actual income, then you should examine closely if what you consider as "must spends" are really such. This practice of reviewing and hopefully controlling expenses will pave the way for savings.

Regulatory Issuance No. 2011-01

TO: All Member Banks

SUBJECT: Unsafe and/or Unsound Banking Practices

Pursuant to its authority to prescribe and issue rules and regulations under Section 2(d)(1) of Republic Act No. 3591 (the PDIC Charter), as amended, the PDIC Board of Directors, by virtue of Resolution No. 2010-12-159 dated 15 December 2010, hereby promulgates the following rules and regulations on unsafe and/or unsound banking practices in relation to Sections 4(f)(3), 7(a), 8(8), and 21(f)(10) of the PDIC Charter.

I. Statement of Policy

The State, through the PDIC, safeguards the interests of the depositing public by ensuring the safety and soundness of banking institutions. To protect the country's banking system and the depositing public, the PDIC shall regulate banking practices, acts, or omissions, which are likely to have adverse effects on the condition of banks, prejudice the interests of the depositing public or the Deposit Insurance Fund, or which are likely to result in violations of any law, rule, or regulation.

II. Unsafe and/or Unsound Banking Practices

The PDIC hereby adopts the general principles and guidelines in *Bangko Sentral ng Pilipinas* (BSP) Circular No. 341 (series of 2002), as amended by BSP Circular No. 640 (series of 2009), relating to the determination of activities that may be considered unsafe and/or unsound banking practices.

III. Principles in the Determination of Unsafe and/or Unsound Deposit-Related Practices

In addition to the banking practices the PDIC may deem unsafe and/or unsound under Section II hereof, the PDIC shall deem a deposit-related practice, activity, transaction, or omission committed or being committed by banks or its directors, officers and employees or agents to be an unsafe

and/or unsound banking practice when it has resulted or may result in:

- Unreasonable delay in the processing or determination of the validity of deposit claims in the event of bank closure; or
- 2. Material loss or damage or abnormal risk to the bank's depositors, creditors, shareholders, or to the PDIC; or
- 3. Material loss or damage or abnormal risk or danger to the safety, stability, liquidity, or solvency of the bank.

IV. Unsafe and/or Unsound Deposit-Related Practices

The following may be considered unsafe and/or unsound deposit-related practices:

- 1. Performance of any deposit-related practice, activity, or transaction without the requisite approvals or without adequate controls, as mandated by existing laws, rules, and regulations, which may result to unaccounted, undocumented and/or unrecorded deposits.
- 2. Failure to keep bank records (printed and/or electronic) within the bank premises especially deposit documents such as, but not limited to, signature cards, depositor information files, and deposit ledgers.
 - For purposes of this section, "premises" shall refer to places where a bank has a legal right to stay or occupy to conduct its operations and/ or keep its records. It includes, but is not limited to, lands and buildings, warehouses, storerooms, online storage, and offsite or backup sites owned or leased by a bank. For those not owned by the bank, it must be covered by a contract showing the bank's legal right to stay or occupy therein.
- 3. Granting high interest rates when the bank has: (i) negative unimpaired capital and (ii) either a liquid assets-to-deposits ratio of less than 10% or an operating loss.

A bank is deemed offering high interest rates on deposits if the interest rate is over 50% of the prevailing comparable market median rate for similar bank categories. Liquid assets refer to the sum of Cash, Due from BSP/Banks and Financial Assets, net of allowance for credit losses.

- 4. Non-compliance with PDIC Regulatory Issuances.
- 5. Other deposit-related practices, activities, and transactions which the PDIC may identify through appropriate issuances.

Attached for guidance is a list of specific activities which the PDIC may consider to be unsafe and/or unsound banking practices (Annex A). The PDIC may hereafter consider other acts or omissions as unsafe and/or unsound pursuant to the general principles and guidelines in this Regulatory Issuance.

V. Consequences of Unsafe and/or Unsound Practices

The commission of unsafe and/or unsound practices as defined in this Regulatory Issuance may have these consequences:

- Deposit accounts and all information related thereto may be inquired into or examined by PDIC upon the finding of unsafe and/or unsound banking practices, notwithstanding any provisions of law to the contrary. (Section 8, 8th par., PDIC Charter)
- 2. The PDIC Board of Directors may issue a cease and desist order, and require the bank or its directors or agents concerned to desist and/or correct the practices or violations. (Section 7, PDIC Charter)
- Deposit insurance on deposit accounts or transactions constituting, and/or emanating from, unsafe and/or unsound banking practice/s as determined by the PDIC Board shall not be paid, after due notice and hearing, and publication of a directive to cease and desist from engaging in the cited unsafe and/or unsound practice/s. (Section 4 (f), PDIC Charter)

The foregoing shall be without prejudice to the criminal, civil, and administrative actions that may be instituted against, or fines imposed upon, the bank and its responsible directors, officers, employees, or agents, pursuant to the provisions of the PDIC Charter, PDIC Regulatory Issuances, and other pertinent laws.

VI. Separability Clause

Sections of this Regulatory Issuance shall be deemed severable, and should any section, subsection, paragraph, sentence, or phrase of this Issuance be declared by a court of competent jurisdiction to be invalid, unenforceable, or unconstitutional, such decision shall not affect the validity of the Issuance as a whole, or any part thereof, other than the part so declared to be invalid, unenforceable, or unconstitutional.

VII. Effectivity

This Regulatory Issuance shall take effect fifteen (15) days after publication in the Official Gazette or in any newspaper of general circulation.

For strict compliance.

JOSE C. NOGRALES President
