

# Bank deposit mo, MAS protektado!

23rd Depositor Protection and Awareness Week | June 16-22, 2025

Message from PDIC President and CEO Roberto B. Tan

This year marks a milestone celebration of the Depositor Protection and Awareness Week (DPAW) as we commemorate a momentous achievement for the Philippine Deposit Insurance Corporation (PDIC) and all depositors in the Philippines.

For the first time ever, the maximum deposit insurance coverage has reached ₱1 Million per depositor, per bank, a significant leap from the previous ₱500,000. This is why our DPAW theme this year says it best: **“Bank deposit mo, MAS protektado!”**

More than just a number, this doubling of coverage is a strong affirmation of the PDIC’s steadfast commitment to safeguarding your hard-earned savings in banks. It reflects not only our confidence in the resilience of the Philippine financial system, but also on the solid financial position of the PDIC’s Deposit Insurance Fund (DIF) that continues to ensure that even at the new, higher coverage, the Corporation remains fully capable of delivering the protection we promise.

The enhanced coverage provides an even stronger safety net for individuals

and businesses alike. For small entrepreneurs and start-ups, it means knowing that the funds you rely on to run and grow your business ventures are protected and secure in the banking system. You can also now save with even greater confidence whether you are preparing for life’s uncertainties such as medical emergencies or job transitions, or planning long-term goals like education, retirement, or business ventures.

As we celebrate the 23rd DPAW, we are reminded that saving in banks is not just a habit. It is a smart, conscious and forward-looking decision for every stage of life. And with the PDIC’s strengthened deposit insurance, that decision now comes with even more peace of mind.

At the PDIC, we continue to stand behind every depositor. Today, and for the years ahead, your deposits in banks are better protected and your trust in the banking system is safeguarded. *Dahil sa PDIC, bank deposit mo, MAS protektado!*
